

# My Anger- Social Story

        
When I am angry it is not okay to hit, kick or yell

      
at others. When I am angry I need to use my

      
words to express how I feel. I need to find a

     
safe way to get my anger out. I need to find a

      
calming area that helps me feel better.
